Greetings,

When you get a 'groove' going, time flies and before we noticed, it is April. KBA have been very busy with auditing and compliance projects within Asia Pacific region and as far afield as Brazil and China. Having recently completed IMCA Experienced Diver Assessments for clients in Indonesia and Vietnam, the trend diving companies from the region to gain IMCA Membership continues which is one area we have been busy providing various supporting services.

KBA Europe has finally achieved its accreditation from Construction Industry Training Board (CITB) to deliver a series of construction related training courses. Plus, we are pleased to announce a new training venue in Skipton, UK for Client Worksite Representative course.

Earlier in January, KBAT exhibited for the first time in Intersec Dubai and followed by the official opening of the first South-East Asia's Commercial Diver Training Centre for its Inland/Inshore Commercial Diver Training Programme on 06 February 2015. Over 40 industry members and associations i.e. MOM, WSHC, CDAS, diving companies joined KBAT and witnessed this special milestone attained. More details below.

In our recent consolidation of client records, we were proud to share that we have trained more than 100 delegates and have provided training in over 17 countries in just 10 years of training since commencement. The delegates attended the various disciplines of the training from health & safety, commercial diving, IRATA work at height and many more. This is certainly a great achievement and we will continue to uphold our quality of training and in bringing the most relevant certifications to meet the workforce demand. Plus, in a four

timeframe, we have trained a total of 242 candidates for Client Worksite Representative course worldwide from - Singapore, Indonesia, HongKong, Thailand, Malaysia, Brunei, Vietnam, Japan, Canada, England, Australia, Philippines, New Zealand, India, US, South Africa, Qatar, Nigeria, Egypt and Russia.

In celebration of Singapore's 50th birthday, we have introduced a series of training discounts 'SG50' where new sign-ups starting from 15 March 2015 will receive a **50% or S\$50 discount** of their training course held in 2015. Check out the promotion below.

The Convention hoped to encourage more companies, especially small and medium-sized enterprises (SMEs) to embark on workplace safety and health (WSH) through bizSAFE.

Guest of Honour, Minister for Manpower Mr Tan Chuan-Jin announced the national workplace fatal injury rate for 2014 has been reduced to 1.8 per 100,000 employees from 2.3 in 2013. It was a commendable achievement by our stakeholders and the industry but we need to sustain our efforts. Minister highlighted that while we have reached the WSH 2018 target, 60 lives were lost at work last year and one life lost is one too many. Hence, Ministry of Manpower (MOM) and WSH Council will continue to identify the underlying issues and address the root causes. *[Source from WSHC website - [Click here](#) for detailed reading]*
