Issue #20: Mar 2014

BITE SIZE e-Newsletter

Dear Jeslyn,

A great start into the new year as KBA has been awarded consultancy contracts in Asia, Australia, Middle East and the UK, in the field of diving specialist personnel and equipment assurance; KBAT has also recently completed the first batch of Surface Supplied Diving Equipment (SSDE) diver training with local companies and the programme will soon be accredited by the Singapore Ministry of Manpower (MOM). Open / public course schedules will be available real soon.

KB Access is pleased to announce that we have now gained full accreditation for all the levels of Work at Height training from Workers, Supervisors, Managers and Assessors. The training schedules are out and are available on our website. KBA Europe has now been approved by IMCA to conduct the Assistant Life Support Technician course and Trainee Air/Bell Diving Supervisors course in our new Aberdeen facility, stay tuned for this development and course dates.

IMCA has recently issued the IMCA D014 Rev 2; with reference in this new code of practice is the requirements for the Hyperbaric Reception Facilities (HRF). Supported by IMCA D051 and D052 and soon to be issued D053. The HRF requirements by operators and industry are becoming a standard for offshore diving projects globally. KBA has recently been contracted by operators and contractors in this area of emergency planning (more details are included in the news update below).

We are now gearing up to prepare for two upcoming major events and exhibitions - OS+H Asia 2014 (7 - 9 May) in Singapore and Safety & Health Expo 2014 (17 - 19 June) in London. Do register for the event and we will see you there!

Lastly, as we are expanding our operations, we have recently recruited Jeff Phipps as our Centre Manager in Aberdeen office and Woon Siew to support the Group's marketing activities. With a bigger family, we hope to organize more regular gatherings; whereby we had so much fun in our last Bowling

Tournament (everyone is a winner) and also held mini birthday surprises for Jason, Mike and Sunny.

Check out for more details below. Have a great pleasure reading! Please feel free to contact us for more information.

Yours Sincerely,

Darren Brunton

Managing Director

Top News

1. KBA: Hyperbaric Reception Facilities - KBA Consultancy services working with operators and contractors to meet new industry requirements

With the requirements of the **IMCA** International Code of Practice, **OGP** Recommended Practice and the new documented guidelines from IMCA:- IMCA D051,52 (and soon to be issued D053) many diving contractors and operators are now mobilising **Hyperbaric Reception Facilities** (HRF) for their emergency and contingency planning with saturation diving projects.

Full consideration is to be given when including a HRF in an emergency preparation. As having such a system in place is costly, so ensuring its availability (both operational and realistically available within suitable travel distance and location) and competently manned when required should be paramount in any emergency planning. KBA as the leading independent diving safety management consultancy service in Asia with global knowledge and expertise has recently been contracted by two major operators to support the risk management and implementation of HRF requirements for their regional and global offshore diving projects. [Contact us](#) if you need more information.

2. KBAT: Singapore Commercial Diver Training ~ Mar 2014

We are proud of our FIRST Surface Supplied Diving Equipment (**SSDE**) diver training course with its successful completion in Singapore with the Jurong Shipyard (JSL) Diving Team. It has been a long yet fulfilling process! Three cheers to all the divers and instructors involved.

The First **SSDE** air divers' course has now ended, with 18 divers completing their training over the past six months. Working with the JSL diving teams has been a great experience for all - from using SCUBA for all their diving works they have now progressed in training to Commercial SCUBA and Surface Supplied Diving Equipment diving. The divers have received the benefits from using **SSDE** in safety and productivity.

[Click here](#) to check out some onsite photos taken during the training.

3. KBAT: New Training Partner in Brunei

We are collaborating with Ashcore Sdn Bhd in Brunei - with their local expertise and knowledge on the ground, it will be a great joint effort to generate more health & safety awareness through the range of training courses available to the local professionals. Some training courses provided are the **NEBOSH** IGC in Occupational Health & Safety, **NEBOSH** International Diploma, **IOSH** Accident Investigation, **CIEH** COSHH and **CIEH** Level 2 Award in Food Safety.

4. KBA Europe: Accredited by IMCA to deliver ALST, AIR/BELL Diving Supervisors in our Aberdeen, UK Office

This adds into our portfolio of the IMCA approved training courses in addition to the Diver Medic Technician course that runs in Chichester. Since our inception of delivering **IMCA** training courses, we have trained a total of 827 Trainee Air Diving Supervisors, 333 Trainee Bell Diving Supervisors and 703 Assistant Life Support Technicians to date with delegates coming from different countries and nationalities (our IMCA approved training centres in *Singapore, Lake Charles - USA, New Delhi - India and Kuala Lumpur - Malaysia*). Our outreach to the European market beyond Asia Pacific and USA is our continuous aim to promote industry training and competence by bringing training closer to you at home in our new Aberdeen training facility in Scotland, United Kingdom.

Our upcoming schedules for Trainee AIR Diving Supervisors is on 21 - 25 Apr and Trainee BELL Diving Supervisor is on 28 Apr - 1 May 2014. [Contact us](#) now.

a. KBA Training > The 9th Occupational Safety + Health Exhibition for Asia (OS+H Asia 2014)

Date : 7 - 9 May 2014
Venue : Suntec Singapore
Stand no.: **E24**

b. KBA Europe > Safety & Health Expo 2014

Date : 17 - 19 June 2014
Venue : Excel London, UK
Stand no.: **O2501**

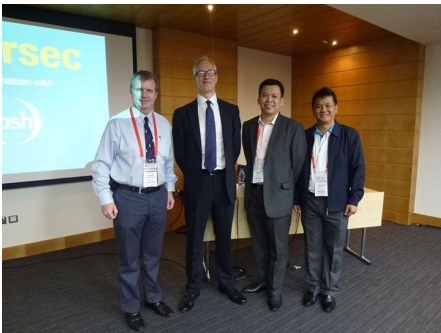

c. KB Associates > The 20th International Oil & Gas Industry Exhibition & Conference (OSEA 2014)

Date : 2 - 5 Dec 2014
Venue : Marina Bay Sands Singapore
Stand no.: **1F6-01**

2. Participated Events

a. IOSH Middle East Occupational Health Seminar ~ Middle East, 21 Jan 2014

KB Associates - Darren who is also the IOSH Singapore Branch Chairman attended the IOSH Middle East Occupational Health Seminar 2014 held on the 21 Jan 2014. Together with Jason and Mok from the IOSH Singapore Branch, it was an interesting day with some fruitful presentations on Occupational Health.

[Photo From Left: Darren, Jan Chmiel (Chief Executive IOSH), Jason and Mok]

b. INTERSEC Dubai ~ Dubai, 19 - 21 Jan 2014

KBA Training - Darren visited the Intersec Exhibition 2014 - the annual significant trading platform and networking event for security and safety professionals in the Middle East. Now in its 15th year, it is the most internationally diverse security exhibition worldwide, featuring over 1000 exhibitors and over 21,500 visitors from 116 countries. Darren had a great reunion with many business associates and also paid a visit to the NEBOSH booth.

[Click here](#) for more photos at the show.

c. Career & Education 2014 ~ Singapore, 7 - 9 Mar 2014

KB Associates - Darren was invited to sit in a panel of the 'Careers in Aerospace / Maritime on the 8 Mar 2014 held in Suntec Singapore Convention Centre. A sharing session whereby the focus will be on different career options; having a series of industry-based panels and other insightful sessions, designed to give attendees a good overview of what it would be like to work in a variety of different industries.

3. Safety Department NEWS

a) Announcements

We have received approvals through Career Transition Partnership (**CTP**) UK and have completed the paperwork for **ELCAS UK** to assist UK service personnel with their training. In addition, we are in the process of expanding our UK training options and gain approval from the Construction Industry Training Board (CITB) to run a number of their courses at our Aberdeen office.

In Singapore, we are looking at adding **MOM BCCS** (Building Construction Safety Supervisor) and **LSSC** (lifting Safety Supervisor) to our portfolio of training as well as the Construction Safety Orientation Course (**CSOC**). Finally we are developing a Behavioural Safety course with **IOSH** to expand in our professional development.

b) Courses Conducted Over the Past 3 months

i) [NEBOSH International General Certificate](#) ~ 13 - 15 Feb 2014 in Thailand - Pattaya, 7 Feb - 1 Mar 2014 in Singapore, and 3 - 15 Mar 2014 in Indonesia, Bali

KBAT held its **NEBOSH IGC** in Singapore, Thailand and Indonesia for the past 3 months. We received numerous positive feedbacks and applaud the efforts of everyone involved.

"Very comprehensive, covered different expertise in occupational H&S." - Carlo Reyes
"Instructor very knowledgeable on

the subject and made the course very interesting." - Nares Intaraphuck

The next training has been scheduled in Singapore from the 19 - 31 May or Bali-Indonesia on 2 - 14 June 2014. We are constantly adding new venues and countries to our training schedules. [Click Here](#) for the flyer or [Contact Us](#) for more information.

ii) [NEBOSH International Technical Certificate in Oil & Gas Operational Safety](#) ~ 3- 8 Feb in Aberdeen - UK, 3 - 8 Feb in Singapore and 24 Feb - 1 Mar 2014 in Indonesia - Bali.

A total of three **NEBOSH Oil & Gas** training have been held over the past three months at Singapore, Aberdeen - UK, Bali - Indonesia. We are extremely delighted of the recognition that the oil and gas professionals have valued this qualification and their active participation in class to share each and everyone's role/responsibility and experiences.

"Good interaction between instructor and delegates by making complex questions understandable with real-life examples." - **Ian Milne**

"Enjoyed friendly staff and excellent knowledge of instructor." - **Frankie Veldman**

This popular training has been scheduled in Bali-Indonesia on 23 - 28 June or Bandung-Indonesia on 5 - 10 May or Kuala Lumpur-Malaysia on 9 - 14 June or Yangon-Myanmar on 12 - 17 May or Singapore on 28 Apr - 3 May 2014. [Click Here](#) for the flyer or [Contact us](#) for more information.

iii) [NEBOSH International Diploma in Occupational Health & Safety](#) ~ 17 - 21 February 2014 Brunei

NEBOSH International Diploma Unit A candidates celebrate Brunei National Day after completing a week of

blended learning. They now prepare for the examination in July. This is the first **IDUA** course held in Brunei. The next IDUA course is in Aberdeen, UK on the 14 - 18 July 2014 with dates in September and October in Asia.

"It is a very interesting and highly challenging course. The first one held in Brunei, I'm proud to be the pioneer!" - **Hj Hamdani Ismail**. [Click Here](#) for the flyer.

4. Diving Department NEWS

a) Courses Conducted Over the Past 3 months

i) [IMCA Trainee Air Diving Supervisor](#) ~ 3 - 7 Mar 2014 in Lake Charles, USA

Collaborating with LBJ Maritime, **KBAT** held the **IMCA** training in Lake Charles, Louisiana. With delegates from several leading diving contractors in the USA; the training remains a popular course with great information sharing and the latest updates from **IMCA**.

The next training is scheduled in Aberdeen, UK on 21 - 25 April or Singapore on 12 - 16 May.

[Click Here](#) for the flyer.

ii) [OGP Client Worksite Representative Course](#) ~ 27 - 31 Jan in Lake Charles, USA and 3 - 7 Mar in Singapore

In January, together with **LBJ Maritime**, **KBAT** held its **OGP** Client Representative Training in Lake Charles, Houston, USA. Also, our March course in Singapore saw a record breaking attendance of 18 delegates. We have seen more delegates recognising the importance of continuous learning and valued our training as an excellent foundation with regards to OGP client representatives' competence even though they have been the tradesmen for many years. The next training has been scheduled in Aberdeen UK on 12 - 16 May 2014. [Click Here](#) for the flyer.

iii) [Diving System Assurance Training](#) ~17 - 20 Feb 2014 in Singapore

In February, **KBAT** held its Diving System Assurance training on the 17 - 20 Feb 2014. It has been a very good interactive course with the delegates with practical applications where they can conduct the audit on our diving equipment.

[Click Here](#) for more photos
[Click Here](#) for the flyer.

Diving System Assurance Training - For DOF Subsea, on 24 - 27 Mar 2014 in Perth, Australia

KBAT has recently provided the popular 'Diving System Assurance' course for DOF Subsea as an in-house run course located at Perth, Australia. The course also included aspects of the ROV Audit and was attended by DOF personnel from both Diving and ROV departments. The 4 day course included a full day of onsite auditing air and saturation diving system components at the companies' equipment base.

The delivery of the course as an 'in-house' training competency development for the companies personnel aims to raise the awareness of the audit requirements and expectations of the client and meeting industry guidance. Where organisations can carry out robust in-house audits, following a structured audit process the organization will enhance its projects and operations by a cost effective mean.

[Photo from Left: Greg Shoesmith, Kevin Porter, Martin Feichtinger, Mike Paton, Nicholas Pyle, Rod Payne, Steve Ginn]

[Click here](#) for more photo. [Click Here](#) for the flyer.

iv) **Failure Modes & Effects Analysis** - 18 - 19 Feb 214 in Lake Charles, USA

In February, Brendan flew to Lake Charles to conduct our new training course titled 'Failure Modes & Effects Analysis' - first run in Lake Charles, USA.

"Experts in the field. Excellent course with 3 instructors." - **Jamie Ramos**

"Improved methods of FMEA/FMECA not only in relationship to looking at dive systems but in overall projects." **Stephen Nye**

This training is available in Singapore, Aberdeen - UK and Lake Charles - USA. [Click Here](#) for the flyer

v) **KMDSI Technician Training** - 21 - 22 Mar 2014, in Dubai, UAE

In March, Alan Rhodes conducted KMDSI Technician Training for UMC International - Dubai, United Arab Emirates.

"Hands on training = Actual skill & comfort level." - **Kevin Scannell**

"I liked the way of explaining, the 'hands-on' time & the tools available. Very, very good!" - **Francois Moss**

This training is available in Singapore on 26 - 28 May 2014. [Click Here](#) for the flyer.

vi) [Diver Medic Technician Training / Refresher](#) ~ Singapore, Chichester - UK

The next **DMT** training has been scheduled in Singapore on the 31 Mar - 11 Apr or 2 - 13 Jun; Chichester - UK on 14 - 25 Apr 2014. **Refresher** has been scheduled in Singapore 21 - 25 Apr or 5 - 9 May or 23 - 27 Jun; Chichester - UK on 19 - 23 May 2014. [Click Here](#) for the flyer or [Contact us](#) for more information.

- "Instructors interactive focus made learning easy. Excellent course and very happy with what we learnt over past days." - **James Parkinson**
- "The practical part was most useful and helped make sense of theory." - **Robert John Sudlow**

DMT, Chichester (13 - 24 Jan 2014)

DMT, Malaysia (17 - 28 Feb 2014)

KBA Europe, DMTR, 10-14 Feb 2014

KBA Europe, DMTR, 17-21 Mar 2014

vii) Bespoke First Aid Training ~ For The Girls' Brigade Singapore 48th Company from Zhonghua Secondary School on 4 January 2014

On the 4th Jan 2014 - the first Saturday of 2014, we welcomed "The Girls' Brigade Singapore 48th Company" from Zhonghua Secondary School. After a few discussions and understanding the needs from the teachers, our medic trainer has designed a bespoke programme that covered - The Principles of First Aid, Managing Wounds, Bleeding and Shock, Bone Injuries, Burns and Heat Disorders, Respiratory Problems (Choking), Unconsciousness, Bandaging Techniques, Circulatory Problems and more. It was a very productive full day session and the girls together with the teachers found the

materials to be very informative and useful. Mostly importantly, everyone has great fun while learning first aid.

"The First Aid course provided by KBA Training was excellent. The team of instructors was fantastic and engaging for the students - never a dull moment for us. We learnt so much about and we can feel the passion and sincerity from all the instructors which got us even more motivated to master the CPR and AED techniques right. Thank you KBAT Team! Will definitely want to send our GB girls back for training!" - Katherine Lu (Captain of The Girls' Brigade 48th Company)

[Click Here](#) if you want to find out more for bespoke first aid training.

KBA NoticeBoard

1. Welcome New Staff on Board

Jeff Phipps **Centre Manager (Aberdeen Office)**

Jeff is an experienced Safety Professional; who has gained a full spectrum of operational knowledge, whilst serving 23 years in the demanding environment of the British Royal Marines. He served as a Royal Navy Ships diver/Supervisor for 21 years. On completion of his military service in 2003, he served the British FCO overseas in Iraq as a Security Consultant, continuing in the Middle East whilst in a Maritime/HSE training instructor position with the UAE Marine Forces.

He has completed the NEBOSH International General Certificate and is a Tech IOSH. Jeff brings experience within the Maritime Oil & Gas community, as HSES Advisor East Africa, Project HSES Manager, Batam, Indonesia with responsibility to for all HSES issues pertaining to fabrication of modules / Plets / Spools / Jumpers, for the World's largest Sub-Sea Project, through to load-out delivery including SIT and EFAT. In addition, he is a lead Auditor for ISO 9001 (Quality), Mobile Crane operator, CSO, SSO and PFSO, IMO Oil Spill Management training, ROV Technician/Pilot 1&2 and Yacht Master.

Low Woon Siew **Marketing Executive**

Woon Siew assists the Group Marcom Manager for the daily marketing activities as well as planning and executing the online marketing campaigns for its Social Media platforms. She had gained business-to-consumer marketing experience from her previous working experience and strives to reinforce the marketing development for KB Associates and its subsidiary companies.

Woon Siew has developed her passion in Marketing since her school days in Temasek Polytechnic and she has also attained a Bachelor of Business (Marketing) in Royal Melbourne Institute of Technology in 2013.

3. KBA 2014 - Fun & More Fun!

4. Delegate Profile

Adi Riza Darma
HSE Coach Drilling and Completion at PERTAMINA Hulu Energi ONWJ

When did you become interested in health and safety?

When I entered University in 2003, I chose Occupational Safety and Health major.

How has a NEBOSH qualification helped you with your career?

Knowing the basic understanding of International Occupational Health and Safety (OHS), so, it help me much on how to following company expectation regarding OHS.

Which is more important experience or qualifications and why?

Both of experience and qualification is important. In real work circumstance we act as we know the basic knowledge of it. It would make easy to stick in company program and produce good employee performance.

While studying at KBAT please describe your training experience and how this has benefited you with your career?

Discussion method, presentation at front of class and home work to be discussed every day. All of that experience makes me more confident to do the job.

How did you get your current job? Internet and network.

Describe an average day in your job?

In Daily basis I;

- Held pre job safety meeting morning and afternoon and especially high risk job such Heavy Lift, Perforation Job, Confined Space.
- Conduct Safe System of Work Audit based on Petrofec.

- Update HSE Statistic
- Report to management related safety issue
- Monitoring HSE compliance among Client and Contractor.
- Investigate any incident or accident.

What health and safety subject are you most interested in?

International safety at work related my expertise such; (Upstream) Drilling and Well Service safety, Lifting Operation, Working at Height, Confined Space, Isolation Energy, Fire, Rig Transportation, Permit to Work. Btw, I prefer to stick in safety management, so, I just search new opportunity working at office not at field.

What is your advice to those aiming for a career in health and safety?

Read more International Safety Procedure and Regulation and Held NEBOSH certificate until high level at KBAT.
